

This submission responds to the Commission's letters of April 14, 2011 regarding committee reports:
Pre-General October 1, 2010 to October 13, 2010

1. Amended to correct report.
2. Amended to correct report.
3. Amended to correct report.
4. Amended to correct report.
5. Please note the \$75,000 from Murphy Putnam will be moved to line 21b was a negative entry. This was a wire that bounced-back and was resent. This accounts for most of the variation in receipts and disbursements. In addition, online contributions the committee had received had not settled in our bank at the time of the report.
6. Our amended report discloses additional disbursements due to the addition of money orders to canvassers and gas cards. Note that disbursements will be reduced by \$75,000 based upon the adjustment discussed in number 5 above.
